Survey Wall Activity
Using Data to Shape your BSC (2/3/2013)

Post the following questions on poster paper in the room. As participants walk in, hand them colored dots. Tell them you would like to know more about them and ask them to stick their dots next to the appropriate choices on the “survey” questions on the wall.

Use the information you gather to tailor your workshop to the needs of your participants. Create your own questions to build community and gather input from school community members during a Back to School Night or Community meeting. (Example questions could include: How do you find out about parent meetings and events? Wednesday folder, School Bulletin Board, Morning announcements, etc.)

Who are you?
- Teacher
- Administrator
- Parent
- Student community member

Are you a member of your school’s...
- School Site Council (SSC)?
- English Learner Advisory Council (ELAC)?
- Parent Teacher Association (PTA) or Parent Teacher Organization (PTO)?
- Neither
